□ Testing Strategy (Shortcut)

Test Type	Tools	Purpose
☑ Unit Test	**Jest**	Test functions (e.g., auth, logic)
☑ API Test	**Supertest**, Postman	Test Express routes
☑ UI Test	**React Testing Library**	Test React components
☑ E2E Test	**Cypress**	Full app flow (e.g., login → book)

□ Example Commands

Run backend tests

npm test

Run Cypress E2E tests (if set up)

npx cypress open
